A Separate Peace is a novel told entirely in flashback, by a narrator—Gene Forrester—who is our only source of information regarding the events that he recounts. As the story develops, the initial trust that exists between reader and narrator gradually frays, as we realize that Gene, while probably not lying about the events of the story, is clearly withholding information about his own ...

John Knowles' beloved classic has been a bestseller for more than 30 years and is one of the most moving and accurate novels about the trials and confusions of adolescence ever written. Set at an elite boarding school for boys during World War II, A Separate Peace is

Download Free A Separate Peace Chapter Questions

the story of friendship and treachery, and how a tragic accident involving two young men forever tarnishes their innocence.

An American classic and great bestseller for over thirty years, *A Separate Peace* is timeless in its description of adolescence during a period when the entire country was losing its innocence to World War II. Set at a boys' boarding school in New England during the early years of World War II, *A Separate Peace* is a harrowing and luminous parable of the dark side of adolescence. Gene is a lonely, introverted intellectual. Phineas is a handsome, taunting, daredevil athlete. What happens between the two friends one summer, like the war itself, banishes the innocence of these boys and their world.

While adolescence is never easy, during wartime its difficulty is more pronounced. This story of a boy's growing up and floating between identities is filled with moral dilemma. This concise supplement to Knowles's "A Separate Peace" helps students understand the overall structure of the novel, actions and motivations of the characters, and the social and cultural perspectives of the author. country was losing its innocence to the second world war. Set at a boys' boarding school in New England during the early years of World War II, *A Separate Peace* is a harrowing and luminous parable of the dark side of adolescence. Gene is a lonely, introverted intellectual. Phineas is a handsome, taunting, daredevil athlete. What happens between the two friends one summer, like the war itself, banishes the innocence of these boys and their world.

Democracies often go to war but almost never against each other. Indeed, "the democratic peace" has become a catchphrase among scholars and even U.S. Presidents. But why do democracies avoid fighting each other? *Reliable Partners* offers the first systematic and definitive explanation. Examining decades of research and speculation on the subject and testing this against the history of

relations between democracies over the last two centuries, Charles Lipson concludes that constitutional democracies have a "contracting advantage"--a unique ability to settle conflicts with each other by durable agreements. In so doing he forcefully counters realist claims that a regime's character is irrelevant to war and peace. Lipson argues that because democracies are confident their bargains will stick, they can negotiate effective settlements with each other rather than incur the great costs of war. Why are democracies more reliable partners? Because their politics are uniquely open to outside scrutiny and facilitate long-term commitments. They cannot easily bluff, deceive, or launch surprise attacks. While this transparency weakens their bargaining position, it also makes their promises more credible--and more durable, for democracies are generally stable. Their leaders are constrained by

Download Free A Separate Peace Chapter Questions

constitutional rules, independent officials, and the political costs of abandoning public commitments. All this allows for solid bargains between democracies. When democracies contemplate breaking their agreements, their open debate gives partners advance notice and a chance to protect themselves. Hence agreements among democracies are less risky than those with nondemocratic states. Setting rigorous analysis in friendly, vigorous prose, *Reliable Partners* resolves longstanding questions about the democratic peace and highlights important new findings about democracies in world politics, from rivalries to alliances. Above all, it shows conclusively that democracies are uniquely adapted to seal enduring bargains with each other and thus avoid the blight of war.
