"Metamorphoses: art and immaterial labour" talk given at the Tate Britain, 19 Jan. 2008.

Winner of the 2012 Costa Poetry Award, the latest collection by Kathleen Jamie, "the leading Scottish poet of her generation" (The Sunday Times) See when it all unravels—the entire project reduced to threads of moss fleeing a nor'wester; d'you ever imagine chasing just one strand, letting it lead you to an unsung cleft in a rock, a place you could take to, dig yourself in—but what are the chances of that? Of the birds, few remain all winter; half a dozen waders mediate between sea and shore, that space confirmed—don't laugh—by your own work. —from "Materials"
The Overhaul continues Kathleen Jamie's lyric inquiry into the aspects of the world our rushing lives elide, and even threaten. Whether she is addressing birds or rivers, or the need to accept loss, or, sometimes, the desire to escape our own lives, her poetry is earthy and rigorous, her language at once elemental and tender. The Overhaul is a midlife book of repair, restitution, and ultimately hope—of the wisest and most worldly kind.

Before she was a glamorous actress, before she was a war-time pin-up star, even before she was Carole Landis, she was Frances Lillian Ridste, an insecure young girl from Wisconsin. She was strikingly beautiful, talented, and on her way to becoming a movie star, yet she spent her entire life searching for love. Though she appeared in more than 60 films during her short career, Landis was better known for her extraordinary beauty and many romantic relationships than for her acting or comedic timing. Like many starlets of the time, Landis worked her way up from uncredited bit parts (and according to rumors, from the casting couch) to leading roles in such films as Topper Returns (1940) and My Gal Sal (1942) over the course of her 11-year career. She spent more time visiting troops during World War II—traveling hundreds of thousands of miles and coming near death twice—than any other Hollywood star. Despite her seemingly glamorous and carefree life, Landis was unable to build a lasting relationship, a fact that contributed to her suicide at 29. This work examines Landis's life and career in Hollywood, focusing on how her movie career affected her short, unhappy life.

The first piece of known typewriter art was a "drawing" of a butterfly by Flora F. F. Stacey in 1898; since then, artists, designers, poets, and writers have used this rigorous medium to produce an astounding range of creative work. This beautiful book brings together some of the best examples by typewriter artists around the world. As well as key historical work from the Bauhaus, H. N. Werkman, and the concrete poets, there is art by contemporary practitioners, both typewriter artists who use the keyboard as a "palette" to create artworks, and artists/typographers using the form as a compositional device. The book will appeal to graphic designers, typographers, artists, and illustrators, and anyone fascinated by predigital technology.

Karen E. Bender burst on to the literary scene a decade ago with her luminous first novel, Like Normal People, which garnered remarkable acclaim. A Town of Empty Rooms presents the story of Serena and Dan Shine, estranged from one another as they separately grieve over the recent loss of Serena's father and Dan's older brother. Serena's actions cause the couple and their two small children to be banished from New York City, and they settle in the only town that will offer Dan employment: Waring, North Carolina. There, in the Bible belt of America, Serena becomes enmeshed with the small Jewish congregation in town led by an esoteric rabbi, whose increasingly erratic behavior threatens the future of his flock. Dan and their young son are drawn into the Boy Scouts by their mysterious and vigilant neighbor, who may not have their best intentions at heart. Tensions accrue when matters of faith, identity, community, and family all fall into the crosshairs of contemporary, small-town America. A Town of Empty Rooms presents a fascinating insight into the lengths we will go to discover just where we belong.

Acclaimed international bestseller Catherine Dunne's thrilling US debut is the story of two wronged women bent on revenge at all costs, and "a page-turner that's both poignant and satisfying" (Booklist). Revenge is sweeter than regret... Dublin. Calista is young, beautiful, and headstrong. When she falls in love with the charming, older Alexandros and moves to his native Cyprus, she could never imagine that her whirlwind courtship would lead to a dark and violent marriage. But Calista learns to survive. She knows she will find peace when she can finally seek retribution. Madrid. Pilar grew up with very little means in rural Spain and finally escaped to a new life. Determined to leave poverty behind her, she plunges into a life of working hard and saving money. Enchanted by an older man, Pilar revels in their romance, her freedom, and accruing success. She's on the road to achieving her dreams. Yet there is one thing that she is still searching for, the one thing she knows will make her truly happy. Sweeping across the lush European backdrops of Spain, Greece, and Ireland, The Years That Followed is a gripping, modern telling of a classic story. As two wronged women plot for revenge, their intricately crafted schemes send shockwaves through their families that will echo for many generations to come.

It's well established now that the way you put a question often determines not only the answer you'll get, but the type of answer possible. So ... a mechanical answerer, geared to produce the ultimate revelations in reference to anything you want to know, might have unsuspected limitations.
