Dabbing, or the dab, is a simple gesture in which a person drops their head into the bent crook of a slanted, upwardly angled arm, while raising the opposite arm out straight in a parallel direction. Since 2015, dabbing has been used as a gesture of triumph or playfulness,

Dancing to Black Man's Tune is an engaging, beautifully written portrait of a great American musician and of American culture coming of age.

Affirming the vital power of male dance, this collection of portraits by Joanne Savio, choreographed by Duane Cyrus, focuses on aspects often disregarded in views of the classical male dancer. Dance is a vital part of most cultures. History is passed down, courting is done, and people are healed through dance ceremonies in which men take part. Much of this tradition has been lost in Western culture. And there are many misconceptions about the male dancer. His strength and discipline are too often disregarded, lost in the folds of cultural and gender

cliches, The artistic vision of Vital Grace is to inspire the viewer to appreciate the classic athletic agility of the male dancer. His mental discipline and physical strength are indeed masculine and lie at the very core of his art.

The first comprehensive, fully documented history of a uniquely American art form, exploring all aspects of the intricate musical and social exchange that evolved from Afro-Irish percussive step dances like the jig, gioube, buck-and-wing, and juba to the work of such contemporary tap luminaries as Gregory Hines, Brenda Bufalino, Dianne Walker, and Savion Glover.

This new collection of essays surveys the history of dance in an innovative and wide-ranging fashion. Editors Dils and Albright address the current dearth of comprehensive teaching material in the dance history field through the creation of a multifaceted, non-linear, yet well-structured and comprehensive survey of select moments in the development of both American and World dance. This book is illustrated with over 50 photographs, and would make an ideal text for undergraduate classes in dance ethnography, criticism or appreciation, as well as dance history—particularly those with a cross-cultural, contemporary, or an American focus. The reader is organized into four thematic sections which allow for varied and individualized course use: Thinking about Dance History: Theories and Practices, World Dance Traditions, America Dancing, and Contemporary Dance: Global Contexts. The editors have structured the readings with the understanding that contemporary theory has thoroughly questioned the discursive construction of history and the resultant canonization of certain dances, texts and points of view. The historical readings are presented in a way that encourages thoughtful analysis and allows the opportunity for critical engagement with the text. Ebook Edition Note: Ebook edition note: Five essays have been redacted, including "The Belly Dance: Ancient Ritual to Cabaret Performance," by Shawna Helland; "Epitome of Korean Folk Dance", by Lee Kyong-Hee; "Juba and American Minstrelsy," by Marian Hannah Winter; "The Natural Body," by Ann Daly; and "Butoh: 'Twenty Years Ago We Were Crazy, Dirty, and Mad'," by Bonnie Sue Stein. Eleven of the 41 illustrations in the book have also been redacted.

He also addresses concerns about how dance performance is documented, including issues around spectatorship and the display of sexuality, the relationship of Ailey's dances to civil rights activism, and the establishment and maintenance of a successful, large-scale Black Arts institution."--Jacket.

Drawing on the fields of dramaturgy, music theory, and historical musicology, this book answers a question about twentieth-century music: Why does tonality persist in opera, even after it has been

abandoned in other genres?

Examining social and popular dance forms from a variety of critical and cultural perspectives

"The Black Man's Place in South Africa" by active 1922-1937 Peter Nielsen. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten?or yet undiscovered gems?of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

"The history of American dance reflects the nation's tangled culture. Dancers from wildly different backgrounds watched, imitated, and stole from one another. Audiences everywhere embraced the result as deeply American. Chronicling dance from the minstrel stage to the music video, Megan Pugh shows how freedom--that nebulous, contested American ideal--emerged as a genre-defining aesthetic. Ballerinas mingled with slumming thrill-seekers, and hoedowns showed up on elite opera-house stages. Steps invented by slaves captivated the British royalty and the Parisian avant-garde. Dances were better boundary crossers than their dancers, however, and the racism and class conflicts that haunt everyday life shadow American dance as well. Center stage in America Dancing is a cast of performers who slide, glide, stomp, and swing their way through history. At the nadir of U.S. race relations, cakewalkers embraced the rhythms of black America. On the heels of the Harlem Renaissance, Bill Robinson tap-danced to stardom. At the height of the Great Depression, Fred Astaire and Ginger Rogers unified highbrow and popular art. In the midst of 1940s patriotism, Agnes de Mille brought jazz and square dance to ballet, then took it all to Broadway. In the decades to come, the choreographer Paul Taylor turned pedestrian movements into modern masterpieces, and Michael Jackson moonwalked his way to otherworldly stardom. These artists both celebrated and criticized the country, all while inspiring others to get moving. For it is partly by pretending to be other people, Pugh argues, that Americans discover themselves ... America Dancing demonstrates the centrality of dance in American art, life, and identity, taking us to watershed moments when the nation worked out a sense of itself through public movement"--Publisher's description.
