The Prince is an extended analysis of how to acquire and maintain political power. It includes 26 chapters and an opening dedication to Lorenzo de Medici. The dedication declares Machiavelli's intention to discuss in plain language the conduct of great men and the principles of princely government.

The Prince - CliffsNotes

Download Free Machiavellis The Prince Cliffs Notes

In *The Prince*, political philosopher Niccolò Machiavelli offers his observations on human behavior, leadership, and foreign policy. The treatise, written during the Italian Renaissance, is an extended analysis of how to acquire and maintain political power. The Machiavellian approach to power is both praised and vilified — and still in use today. Machiavelli's *The Prince* is a shrewd commentary on the psychology of leadership.

Discourses on Livy is the founding document of modern republicanism, and Harvey C. Mansfield and Nathan Tarcov have provided the definitive English translation of this classic work. Faithful to the original Italian text, properly attentive to Machiavelli's idiom and subtlety of thought, it is eminently readable. With a substantial introduction, extensive explanatory notes, a glossary of key words, and an annotated index, the Discourses reveals Machiavelli's radical vision of a new science of politics, a vision of "new modes and orders" that continue to shape the modern ethos. "[Machiavelli] found in Livy the means to inspire scholars for five centuries. Within the Discourses, often hidden and sometimes unintended by their author, lie the seeds of modern political thought. . . . [Mansfield and Tarcov's] translation is careful and idiomatic."—Peter Stothard, *The Times* "Translated with painstaking accuracy—but also great readability."—*Weekly Standard* "A model of contemporary scholarship and a brave effort at Machiavelli translation that allows the great Florentine to speak in his own voice."—*Choice*

The Happy Prince and Other Tales was written by Victorian author Oscar Wilde and illustrated by Walter Crane and Jacomb Hood.?

From the NPR host of *The Indicator* and correspondent for *Planet Money* comes an “accessible, funny, clear-eyed, and practical” (Sarah Knight, *New York Times* bestselling author) guide for how women can apply the principles of 16th-century philosopher Niccolò Machiavelli to their work lives and finally shatter the glass ceiling—perfect for fans of *Feminist Fight Club*, *Lean In*, and *Nice Girls Don't Get the Corner Office*. Women have been making strides towards equality for decades, or so we're often told. They've been increasingly entering male-dominated areas of the workforce and consistently surpassing their male peers in grades, university attendance, and degrees. They've recently stormed the political arena with a vengeance. But despite all of this, the payoff is—quite literally—not there: the gender pay gap has held steady at about 20% since 2000. And the number of female CEOs for Fortune 500 companies has actually been declining. So why, in the age of #MeToo and #TimesUp, is the glass ceiling still holding strong? And how can we shatter it for once and for all? Stacy Vanek Smith's advice: ask Machiavelli “with this delicious look at what we have to gain by examining our relationship to power” (Sally Helgesen, *New York Times* bestselling author). Using *The Prince* as a guide and with charm and wit, Smith applies Renaissance politics to the 21st century, and demonstrates how women can take and maintain power in careers where they have long been cast as second-best. “Machiavelli For Women is the ultimate battle guide for our times. Brimming with hard-boiled strategies, laced with wit, it's a must read for every woman ready to wield power unapologetically” (Claire Shipman, coauthor of *The Confidence Code*).

The Prince is a 16th-century political treatise written by the Italian diplomat and political theorist Niccolò Machiavelli as an instruction guide for new princes and royals.
