My First French Book: A Bilingual Introduction to Words ...

A great place to start reading French is this beloved children’s classic first published in 1943. Although written for children, the story is deceptively deep and contemplative, offering much to the adult reader too. The writing can be a challenge for beginners in French since some of the vocabulary might be considered more ‘advanced’.

5 French Books For Beginners You Need To Read

My first French word book A delightful, and very simple, illustrated word book to help children build their French vocabulary. There are over 270 French words for children to spot, talk about and learn, each brought to life with a colourful illustration.

“French” at Usborne Children’s Books

Older than about 10, other books from the same publisher, Usborne Book of Everyday Words in French or First 1000 Words in French would perhaps be a more appealing choice. In my copy (2002 edition) the labels on page 7 about breakfast (le bain, le ventre, le canard) should be swoped with those on page 26 about the bathroom (instead of la pomme, l’orange, la banane).

Previous ISBN 9781405311229

French-Canadian explorers, traders, and soldiers feature prominently in this country's storytelling, but little has been written about their female counterparts. In *Along a River*, award-winning historian Jan Noel shines a light on the lives of remarkable French-Canadian women — immigrant brides, nuns, tradeswomen, farmers, governors' wives, and even smugglers — during the period between the settlement of the St. Lawrence Lowlands and the Victorian era. *Along a River* builds the case that inside the cabins that stretched for miles along the shoreline, most early French-Canadian women retained old fashioned forms of economic production and customary rights over land ownership. Noel demonstrates how this continued even as the world changed around them by comparing their lives to those of their contemporaries in France, England, and New England.Exploring how the daughters and granddaughters of the filles du roi adapted to their terrain, turned their hands to trade, and even acquired surprising influence at the French court, *Along a River* is an innovative and engagingly written history.

This excellent anthology introduces newcomers to 50 great writers. Beginners can get their first taste of Voltaire, Rousseau, Balzac, Baudelaire, and Proust with passages from *The Red and the Black*, *Les Misérables*, *Madame Bovary*, and other classics. Original French text plus English translation on facing pages. Introduction, new English translations, and notes by Stanley Appelbaum.

The book as the subject of a distinct historical discipline dates from the landmark publication of *L'Apparition du livre* by Lucien Febvre and Henri-Jean Martin in 1958. In this further contribution to his pathbreaking work with Febvre, eminent French historian Henri-Jean Martin explores the role of the book and book industry in early modern France. Martin begins with a sweeping look at the revolutionary role played by the new technology of printing in Europe of the Renaissance and Reformation. Shifting the focus to France, he then examines the political implications of publishing in the reign of Francis I, including such topics as the founding of royal and university libraries, the role of church-state relations, Richelieu's cultural program, and censorship. In revealing case studies of Rouen and Grenoble, Martin pinpoints precisely which books were sold and to which social groups, and explains why the initially successful printers of Rouen were eventually forced out of business by the Parisian courts. Martin also casts a discerning eye on early graphic design—from the first illustrated "coffee table" books purchased by the newly rich to the invention of the paragraph to facilitate reading. And he shows how attempts by the French government to suppress and control publication were eventually thwarted by free market forces from Amsterdam and Neufchatel. This is a book that will be of interest to those who study the history of the book, intellectual history of early modern Europe, and the relation between politics and ideas.

Featuring first words, numbers, colours and shapes, alongside a clear, colourful layout and bold images, this introduction to French helps young children learn basic vocabulary. An introduction for parents and teachers suggests strategies for helping children learn most effectively. A complete English-French word list at the end of the book repeats the words and includes a helpful pronunciation guide and language tips.With a format that encourages adult-child interaction, young children and their parents will find My First French Word Book to be the ideal “look and say” picture-word book.
