if QlikView

Script expressions.

Expressions can be used
in both LOAD

statements and SELECT

statements. The syntax

and functions described

here apply to the LOAD

statement, and not to the

SELECT statement,

since the latter is

interpreted by the

ODBC driver and not by

Qlik Sense. However,

Get Free

Qlikview

Scripting
most ODBC drivers are often capable of interpreting a number of the functions described below.

Script expressions []
